**FREE LISTING DEADLINE: DECEMBER 5 for the March edition or MAY 15 for the September edition. See below for late fee details.**

### STEP 1:

#### Check Listing Criteria

Please note which listing information is free and which attracts a charge

**Free listing** is only available for university or conservatorium educational institutions (including TAFE courses) offering programs in music or music business. For private learning establishments - audio schools, music tuition courses or other organisations offering music-related courses - a \$77 listing fee applies. Only one free listing is available per company or per individual address/phone/fax in the Directory.

The listing information consists of name of school, street and postal address, phone, fax and mobile numbers, web and email addresses and up to three key staff with titles. We also accept up to 25 words describing the music or music business course content. To include more than 25 words you must pay for the extra information or you must be a display advertiser.

Listing of extra information beyond the above is charged at \$77 for the next 25 words and then \$7.00 for each additional word thereafter. All extra paid listing information must be prepaid with the listing submission form or it will be deleted from the listing without notice.

**A late listing fee** of \$77 applies to listing forms received after the free listing deadline of December 5 for the March edition or May 15 for the September edition. This is in addition to any fee for extra wording. Late listings can only be accepted if received with payment between December 6 and January 5 for the March edition and May 16 and June 15 for the September edition.
